

Make Your Voice Heard:

- I am a patient with chronic kidney disease who opposes the poorly drafted ballot proposition to restrict pricing of dialysis because it would dangerously reduce access to treatment and fails to account for the actual cost of providing care.
- I am not a chronic kidney disease patient, but I am opposed to this measure because of the impacts it would have on some of California's most vulnerable citizens.
- Yes, I agree that Fresenius Medical Care Holdings, Inc., the Patient Freedom Coalition and its employees and agents may disclose my status as a chronic kidney disease patient and use my name in public advocacy efforts.
- No, while I am opposed to the ballot measure, I want my name and status as a chronic kidney disease patient to remain private.
